

# WATER AND WARS IN WORLD

**Water is the most important  
thing on the Earth.**

**But because of water there are  
about 190 local wars and  
conflicts in the world**

# Wars and history behind them

The oldest and only documented case of water warfare was recorded as far back as 4,500 years ago, when the city-states of Lagash and Umma went to war in the Tigris and Euphrates rivers.

# Arab and Israeli wars

Arabs and Israelis have been at war for half a century over water.

Israel pays the most for water today.

The Israelis are buying land that is full of drinking water below them.

**EXPERTS FROM THE WORLD ECONOMIC FORUM  
ANNOUNCE THAT WAR COULD HAPPEN IN THE FUTURE  
BECAUSE OF WATER**

**THEY DETERMINED 5 PLACES WHERE THE WAR WOULD  
TAKE PLACE:**

1. BENGAL DELTA
2. NIL
3. IND
4. SHAL-EL-ARAB
5. COLORADO

# AND THE HOMELAND WAR WAS A WAR FOR WATER

Croatia is the country full of very beautiful rivers, like :  
Krka, Cetina, Sava , etc.

During the Homeland War, part of the Dalmatian  
catchment area was occupied by the enemy.

Of the springs important for water supply, the independent  
springs of Kakma and Miljacka and the springs of Zrmanja,  
Krka and Cetina were occupied.

Miljacka

Zrmanja

Krka

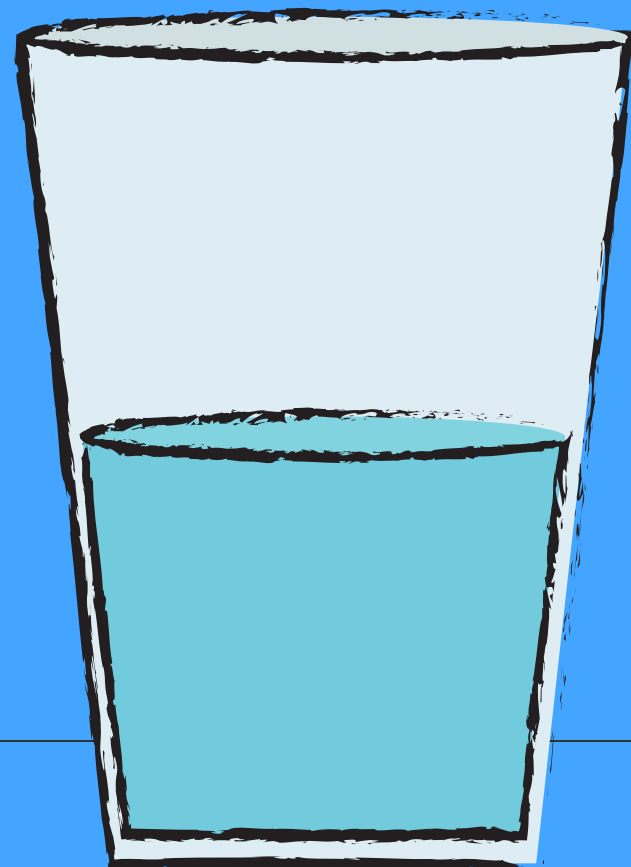

Cetina

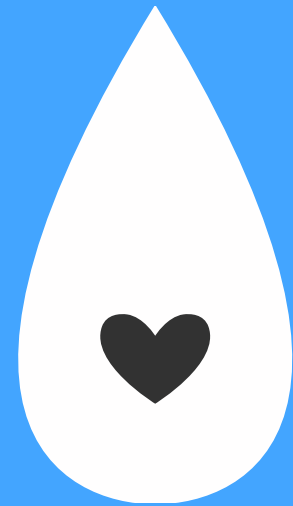

# **water problems in the world**

In **2018** UNESCO warned that it is estimated that about 3.6 billion people live in areas with potential water scarcity

**in the 163 countries of the world from 1998, only 11.04% of countries have less than 1000 m<sup>3</sup> of water per capital**

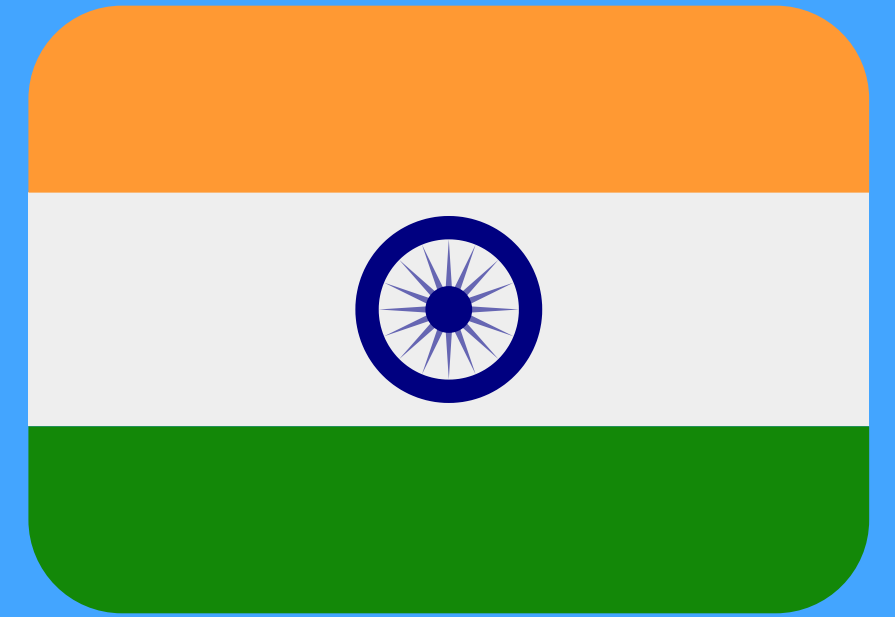

ISRAEL

JORDAN

INDIA

On the list of the most endangered countries

QATAR

JAMAICA

IRAN

**ECOLOGICAL REFUGEES IN AFRICA  
AND ASIA, PEOPLE HAVE TO LEAVE  
HOMES DUE TO GREAT  
DROUGHTS**

**IT IS BECAUSE OF POVERTY AND  
GLOBALIST POLICY**

**As the population grew, so did industrial needs  
increasing pollution has tripled the need for water  
in the latter  
50 years.**

# How to reduce water consumption and pollution?

**WE NEED TO THINK HOW MUCH  
WATER WE WILL SPEND ON  
SOMETHING**

**WE NEED TO CLASSIFY WASTE,  
NOT DISPOSAL IN WATER**

WE NEED TO  
PROTECT ALL THE  
WATER IN THE  
WORLD, BECAUSE  
WATER IS OUR  
TREASURE!

THANK YOU  
FOR YOUR  
ATTENTION!
